

INSTRUCTIONS

Studio Background Templates
ACADEMY SERIES

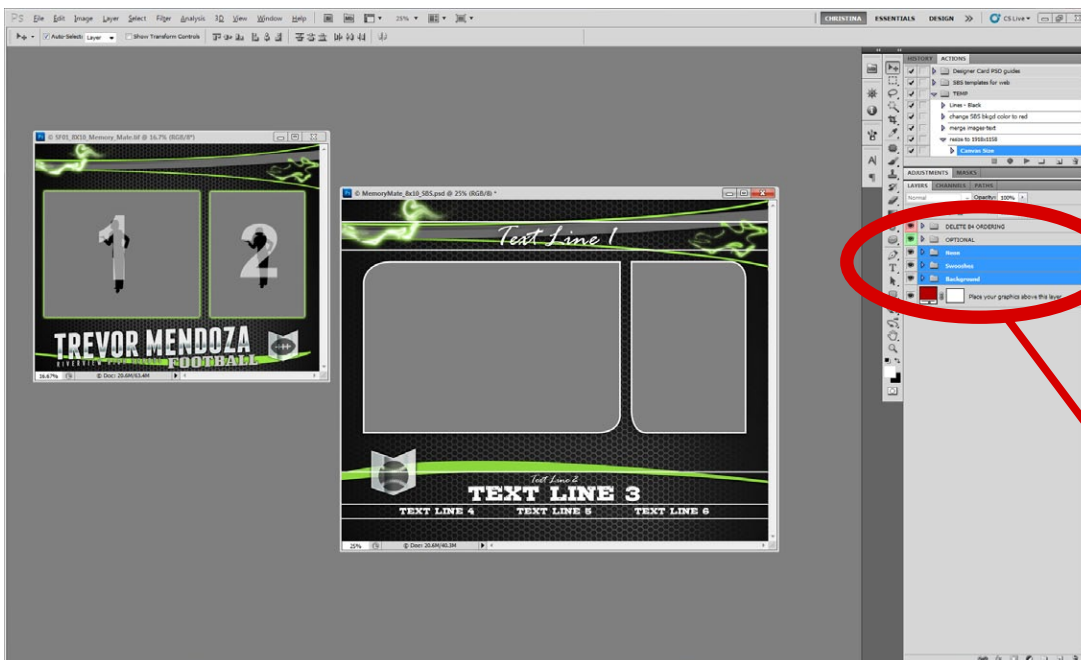

Open the Studio Background psd file and the graphic you want to use for the background of the template.

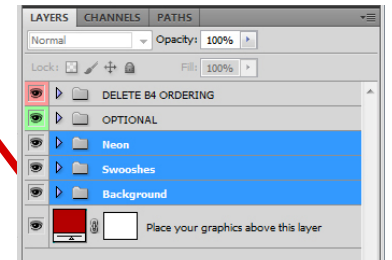

You will see a background layer and a red folder named "DELETE B4 ORDERING" in each template. In some templates, you will also see a green "OPTIONAL" folder.

In this example we are using graphics purchased from Graphic Authority. To visit their web site, go to www.graphicauthority.com. Enter the coupon code "HH20" and receive 20% off your order!

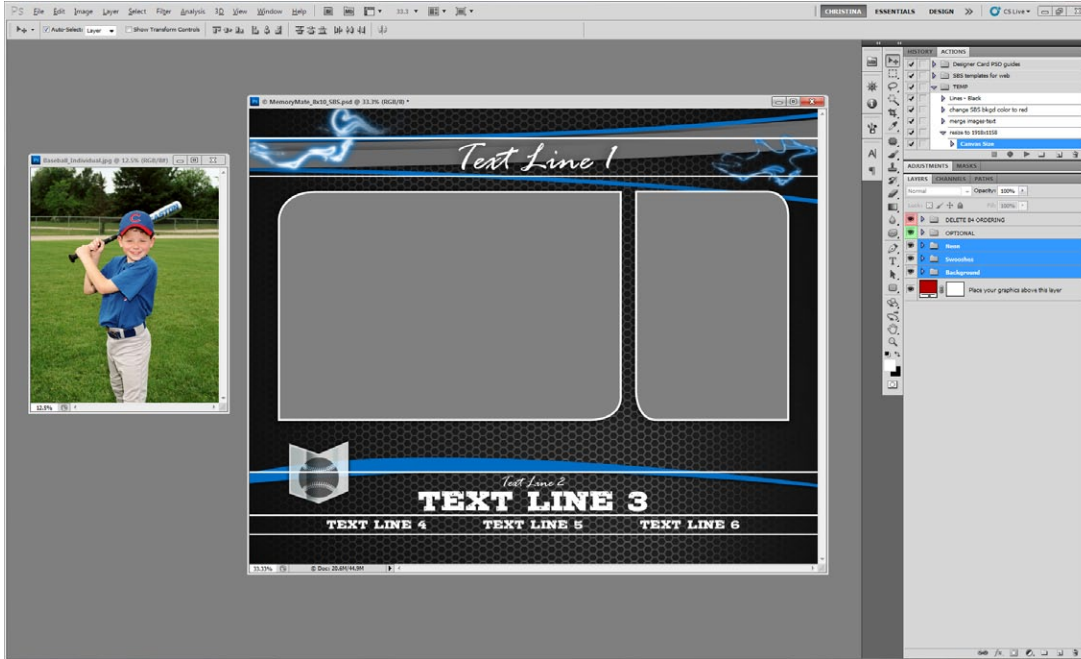

Drag the graphic layer(s) you wish to use to the studio background template. They should be placed directly above the red background layer in the template psd.

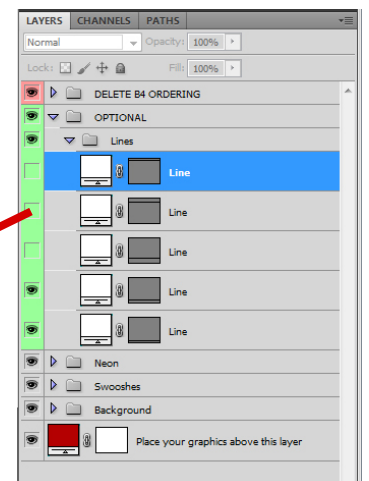

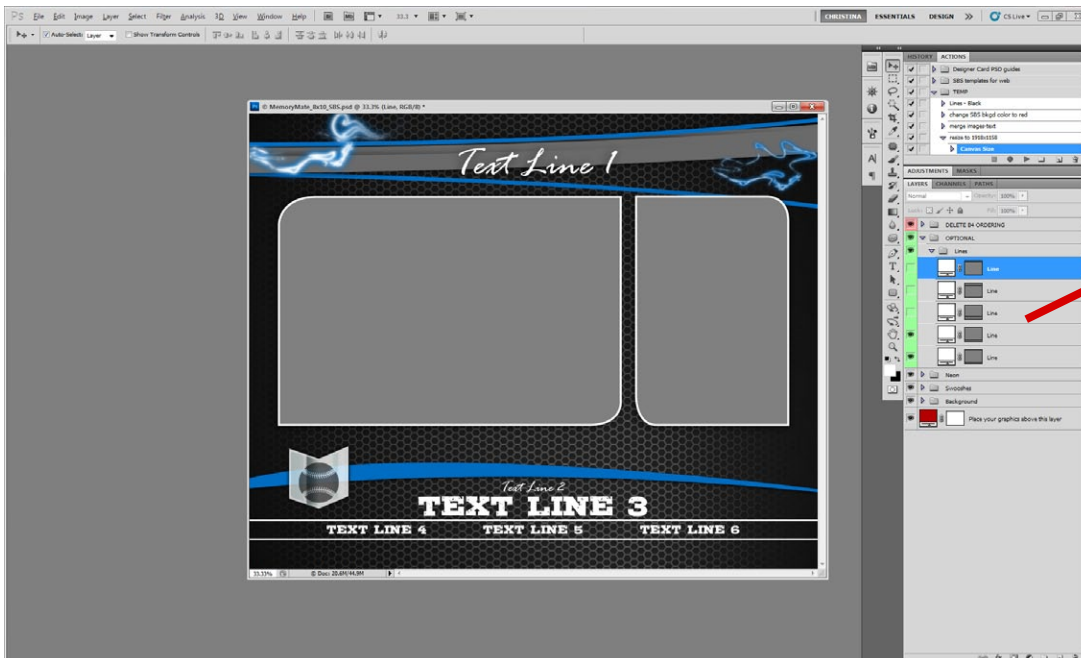

INSTRUCTIONS

Studio Background Templates
ACADEMY SERIES

If needed, customize the graphics to fit the studio background template and adjust any colors to match the team's colors. It is helpful to open one of the images to color sample from the uniform.

In this example, the neon green accents have been changed to blue and some of the accent graphics have been resized to better fit around the text lines.

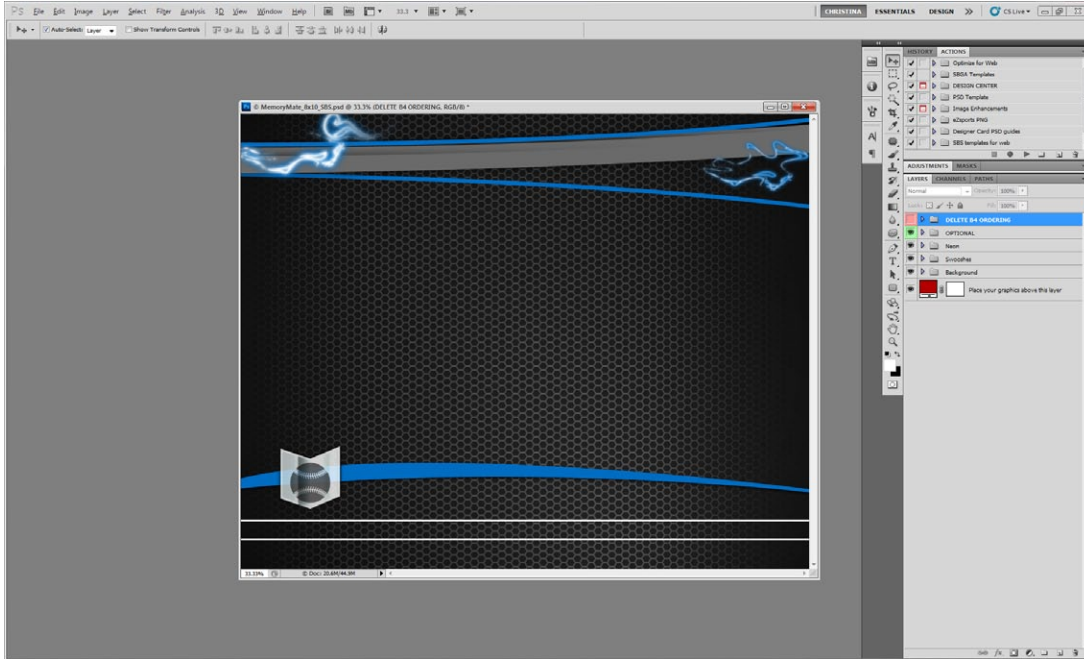

Inside the “OPTIONAL” folder are graphic elements that you may choose to keep on or turn off. If you turn them off, they will not print as part of the final product.

In this example, the optional folder contains a set of horizontal lines. Some work well with the graphics in the background and some do not. The two lines at the top have been turned off as well as one of the lines at the bottom.

INSTRUCTIONS

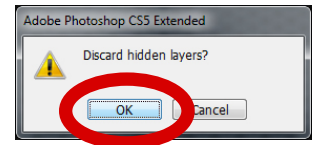

Studio Background Templates

ACADEMY SERIES

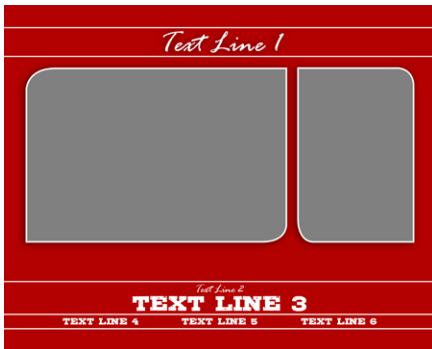

To prepare for ordering, turn off the “DELETE B4 ORDERING” folder so that only the “OPTIONAL” folder and any graphics you have added are visible.

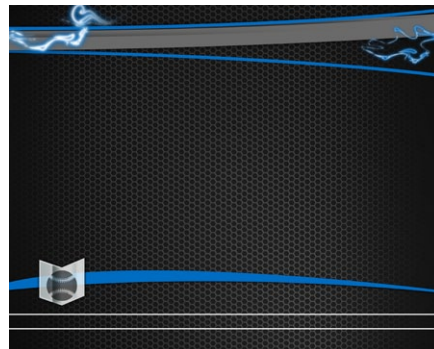

Flatten the file and save it as a JPEG, quality 12 & baseline “standard”.

Click “OK” when prompted to discard hidden layers.
