

It was great to see everyone at Imaging USA!

We had a great time at Imaging USA this year, as always! It was so good to see all of you and reconnect. Our H&H Theatre speakers, Bridging the GAP Speaker Lounge and of course our Platform Speakers were awe-inspiring. Thank you to Imaging USA for putting on a fantastic event, once again! Attendees were able to sign up for our HUGE Studio Makeover Giveaway, create inspiration boards for our new Salvatore Ciccotta Album Collection, plus get a sneak peak at all our new products coming soon! We also want to take this opportunity to thank our H&H and N-Vu staff for all of their hard work on this show. From the set up and tear down teams, customer service, marketing and all of the staff - everyone works hard to share a little bit of H&H with you! If we missed you at Imaging, we look forward to seeing you at one of our other events in 2020!

Michael and Melia Winslett

Michael&Melia Seniors
Carrollton, GA
Featured Photographers during the SYNC Senior Photo Shoot
Worship Leaders during the Faith and Worship service

Known for their distinct use of studio strobes on location and vivid, three-dimensional images, Michael and Melia helped demystify on-location lighting in their two Jumpstart classes at SYNC 2019, where they fell in love with the SYNC family! Michael's extensive background in the film industry has influenced their dramatic-leaning shooting style and passion for achieving the desired lighting looks in-camera. They understand that using studio lighting on location can be challenging, often distracting you from genuine interactions with your senior, which can leave your senior tense and timid.
