Static text   **Dynamic text**

STATIC TEXT

Static text is the same on all ID cards. It could be a school name such as "Central Elementary School", which will appear on each ID card in that text field.

DYNAMIC TEXT

You can also request dynamic text fields, such as "First Name" or "Grade", which will fill in from the data you provide from the school and will be unique on each ID Card. Dynamic text fields are typically shown with <> on either side of the text as shown below. It is possible to combine more than one dynamic field together or create a combination of static and dynamic text like these examples:

REQUESTED DATA:	LOOKS LIKE THIS WHEN PRINTED:
<Teacher>	Ms. Gibson
Grade: <Grade>	Grade: 12
Name: <LastName>, <FirstName>	Name: Smith, Lynn

COMMON DYNAMIC TEXT FIELDS:

<FirstName>	<Age>	<Zip>	<Custom1>
<LastName>	<Title>	<ImageName>	<Custom2>
<FullName>	<DateOfBirth>	<SportType>	<Custom3>
<NickName>	<HomePhone>	<League>	<Custom4>
<StudentID>	<MobilePhone>	<TeamName>	<Custom5>
<SchoolID>	<WorkPhone>	<TeamColor>	<Custom6>
<SchoolName>	<Gender>	<Coach>	<Custom7>
<Grade>	<Mother>	<JerseyNumber>	<Custom8>
<Teacher>	<Father>	<Position>	<Custom9>
<HomeRoom>	<Password>	<Height>	<Custom10>
<Period>	<Email>	<Weight>	<Battalion>
<Principal>	<WebURL>	<StatisticsString>	<Company>
<Year>	<Address1>	<Squad>	<Roster#>
<Year2>	<Address2>	<Dance>	
<Date>	<City>	<EventName>	
<Date2>	<State>	<Location>
